About This Game

[Surgeon General's Warning]
This game is NOT recommended for the faint of heart. Playing may cause cold sweats, rage blisters, screech-face, intense euphoria, and well, straight up wonkiness.

So whats this all about?
You're a daring intergalactic pilot, desperately trying to outmaneuver the ravenous pull of a plasma-fueled black hole. You'll weave, dodge, cuss, flip out, and roll around like you've never done in a video game before. And then you'll die. Often.

Like all the time.

Hope you enjoy disintegration!

"And I thought dance-offs were the hardest challenge in space." —Star-Prince. Or was it Space Lord?
"I told our programmers, 'Make a hard game.' Not like this. Not like this." —S. Johnson, Kiz Studios
